

**FUTURE LAND USE MAP AMENDMENT APPLICATION**  
(Revised 10/14/11)

**INSTRUCTIONS**

Please contact our office at (595-3475) to make an appointment with a Planner to personally discuss your site and prospective plans for it, and to review the application form with you to answer any questions you may have.

It is important for the application packet to be complete and on time in order to process and schedule your request for the required public hearing(s). The Planning Board holds public hearings once a month. Application closing dates for these hearings are provided in the attached schedule (Attachment A). In order for your application to move through the process in a timely manner, it is important for all items on the application to be completed. Incorrect or missing information could delay the hearing of your request. **NOTE:** The applicant, or his/her agent, must be present at the Planning Board meeting. It is also highly recommended that he or she be present at the subsequent Board of County Commissioners meeting.

**An application is not considered complete until all of the items listed on the Future Land Use Map Amendment Application Checklist (attached herein) are received.**

Please note the completion and notarized certification(s) required herein. The owner and/or agent acting in his/her behalf, must sign the certification(s) where indicated on the application. Signatures must be properly notarized. If an agent is handling the request, the owner must sign the application and submit an Affidavit of Ownership & Limited Power of Attorney (attached herein) authorizing said agent to act in his/her behalf.

**FEES:** An application fee of \$2,450.00 for a large-scale amendment and \$1,750.00 for a small-scale amendment. **For a large-scale amendment only**, a \$1000.00 advertising deposit is required upon application submittal. Applications should be accompanied by a check made payable to Escambia County and submitted prior to 3:00 p.m. no later than the closing date for acceptance of applications. In addition, the applicant and agent are responsible for payment of advertisement fees for required public hearings and any remedial reports or analyses which may be required (in accordance with the Escambia County Land Development Code, Chapter 2, Section 2.09.05). An estimated minimum cost of advertisement fees for two public hearings is \$1200.00; however, additional hearings may be required. The exact amount will be billed to the applicant and agent after the newspaper has agreed to run the ad(s). Should applicant fail to submit final payment within 90 days of invoice date (refer to Affidavit of Ownership and FLU Change Request ) for advertising costs, agent and applicant may be temporarily suspended from submitting projects until advertising fee balance has been paid in full.

**Please remember, the Planning Board meets only once a month. Applications received after the deadline for a particular meeting will not be heard until the following meeting.**

**NOTE:** Whenever an applicant would like any County Staff member to appear and testify at a hearing other than the normal public hearings required to process your request, a minimum notification of 5-10 days to the individual staff member and the Development Services Department is required in advance of the hearing.

I/We acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/We also acknowledge and agree that no development permit or order (other than a rezoning/reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

- (1) The necessary facilities and services are in place at the time a development permit is issued; or
- (2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or
- (3) The necessary facilities are under construction at the time a permit is issued; or
- (4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or
- (5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.
- (6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

**I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 20\_\_\_\_\_**

### DATA AND ANALYSIS REQUIREMENTS

1. A comparative analysis of the impact of both the current and the proposed future land use categories on the following items, presented in tabular format, based on data taken from professionally accepted existing sources, such as the US Census, State University System of Florida, National Wetland Inventory Maps, regional planning councils, water management districts, or existing technical studies. The data should show that the infrastructure is available to support the most intense development allowed under the requested Future Land Use category, regardless of what type of development is proposed.
  - A. Sanitary Sewer
  - B. Solid Waste Disposal
  - C. Potable Water
  - D. Stormwater Management
  - E. Traffic
  - F. Recreation and Open Space
  - G. Schools

The data and analysis should also support the requested future land use category by reflecting a need for that category. For example, a future land use request from Agricultural to Residential would need an analysis demonstrating the need for additional Residential acreage in the County.

2. Proximity to and impact on the following:
  - A. Wellheads (indicate distance and location to nearest wellhead)
  - B. Historically significant sites (available from University of West Florida)
  - C. Natural Resources, including wetlands (a wetlands survey is highly recommended if wetlands are located on the property)
3. An analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein
