OWNER-BUILDER DISCLOSURE STATEMENT

1. I understand that state law requires construction to be done by a licensed contractor and have applied for an owner-builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license.

2. I understand that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a licensed contractor to assume responsibility.

3. I understand that, as an owner-builder, I am the responsible party of record on a permit. I understand that I may protect myself from potential financial risk by hiring a licensed contractor and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on permits and contracts.

4. I understand that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed \$75,000. The building or residence must be for my own use or occupancy. It may not be built or substantially improved for sale or lease. If a building or residence that I have built or substantially improved myself is sold or leased within 1 year after the construction is complete, the law will presume that I built or substantially improved it for sale or lease, which violates the exemption.

5. I understand that, as the owner-builder, I must provide direct, onsite supervision of the construction.

6. I understand that I may not hire an unlicensed person to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the persons whom I employ have the licenses required by law and by county or municipal ordinance. I further understand that Article 455.228 of the Florida Statute states, in addition to the Cease and Desist Order, Florida Department of Professional Regulation may seek civil penalty of no less than \$500 and no more than \$5,000 for each unlicensed contractor and to the person that hires the unlicensed contractor. I also understand that if this violation does occur, in order for the job to proceed I will be required to hire a licensed contractor to take the job over. That licensed contractor and I will both have to come to the Escambia County Building Inspections Division and change the permit over to the licensed contractor.

7. I understand that it is a frequent practice of unlicensed persons to have the property owner obtain an owner-builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner-builder, may be held liable and subjected to serious financial risk for any injuries sustained by an unlicensed person or his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting

as an owner-builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

8. I understand that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. **Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I must comply with laws requiring the withholding of federal income tax and social security contributions under the Federal Insurance Contributions Act (FICA) and must provide workers' compensation for the employee. I understand that my failure to follow these laws may subject me to serious financial risk.**

9. I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern owner-builders as well as employers. I also understand that the construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.

10. I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may contact the Division of Professions, Florida Construction Industry Licensing Board at (850) 487-1395 or www.myfloridalicense.com/dbpr for more information about licensed contractors.

11. I am aware of, and consent to, an owner-builder building permit applied for in my name and understand that I am the party legally and financially responsible for the proposed construction activity at the following address: _____

12. I agree to notify **ESCAMBIA COUNTY BUILDING INSPECTIONS DIVISION** immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure.

Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board and Department of Business and Professional Regulation may be unable to assist you with any financial loss that you sustain as a result of a complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held liable for damages. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is properly licensed and the status of the contractor's workers' compensation coverage. You may verify any Contractor's status with the Contractor Licensing Section at (850) 595-3488.

ASBESTOS OWNER-BUILDER DISCLOSURE STATEMENT

1. State law requires asbestos abatement to be done by licensed contractors.

2. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement contractor even though you do not have a license.

3. You must supervise the construction yourself. You may move, remove or dispose of asbestos-containing material on a residential building where you occupy the

building and the building is not for sale or lease, or the building is a farm outbuilding on your property.

4. If you sell or lease such building within 1 year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the property at the time the work was done, which is a violation of this exemption.

5. You may not hire an unlicensed person as your contractor. Your work must be done according to all local, state and federal laws and regulations which apply to asbestos abatement projects.

6. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances.

Before a building permit can be issued, this disclosure statement must be completed and signed by the property owner and returned to the local permitting agency responsible for issuing the permit. A copy of the property owner's driver license or other type of verification acceptable to the local permitting agency is required when the permit is issued.

NOTICE CONCERNING INSPECTIONS:

- ✓ This permit will become null and void if construction is not started or a passing inspection is not recorded within 180 days of issuance.
- ✓ Permits must be posted in a conspicuous location at the jobsite and visible from the road, at eye level (5' high) and protected from inclement weather.
- ✓ Job location must be either unlocked or inhabited to allow entrance to the inspector.
- ✓ Physical address must be posted in accordance with Escambia County Ordinance No. 86-11.
- ✓ Sanitary facilities, (i.e., a portable toilet or access to established facilities) are required on jobsite at time of inspection.
- ✓ If you are uncertain about whether an inspection is required, please call the Building Inspections Division at (850) 595-3550.
- ✓ **ALL PERMITS REQUIRE A FINAL INSPECTION.**

I HAVE READ AND UNDERSTAND THE ABOVE NOTES CONCERNING INSPECTIONS.
