Horace L. Jones, Department Director

**Permit to Operate a Recovered Materials Processing Facility, Recycling Facility, Resource Recovery Facility, or Volume Reduction Plant**

Date: 2-10-2017 Verified By: K. McCoy

Permittee:	Phillip McCoy
Facility Name:	McDirt Industries, Inc.
Facility Type:	Concrete Recycling & Asphalt
File Number:	PSP # 160400052
Original Date of Issue:	February 14, 2017 <sup>17th</sup> Feb. 9th 2017 H.S. 0105
Renewal Date:	January 5th 2018
Expiration Date:	February 9th 2018
Development Review #:	PSP160400052
Date:	11-30-2016
Total Acreage of Facility:	26
Total Area Licensed for Operation:	26 acre

This permit is issued in accordance with the applicable regulations of the Escambia County Code of Ordinances and Land Development Code. The above named applicant, hereinafter called Permittee, is hereby authorized to perform the work or operate the facility shown in the application and approved drawing(s), plans, and other documents attached hereto or on file with the Department of Development Services, hereinafter called Department, and made a part hereof and specifically described as follows:

**General Permit Conditions – All Facilities**

1. The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "permit conditions" and are binding and enforceable pursuant to the authority of Chapter 82, Escambia County Code of Ordinances. Permittees placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings and exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. This permit does not constitute a waiver of or approval of any other federal, state or other county permit or license that may be required for other aspects of the total project, which are not addressed in the permit.

## **General Permit Conditions – All Facilities - Continued**

4. This permit does not relieve Permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted facility or from penalties therefore; nor does it allow Permittee to cause pollution in contravention of Florida Statutes, County and Department rules.
5. Permittee shall properly operate and maintain the facility and systems of treatment and control, where applicable, that are installed and used by Permittee to achieve compliance with the conditions of this permit. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit.
6. Permittee, by accepting this permit, specifically agrees to allow County personnel, upon presentation of credentials or other documents as may be required by law, access to the premises, at reasonable times, where the permitted activity is located or conducted for the purpose of:
  - a. Inspecting the facility, equipment, practices or operations regulated or required under this permit;
  - b. Sampling and monitoring any substance or parameters at any location reasonably necessary to assure compliance with this permit or Department rules, and,
  - c. Having access to and copying any records that must be kept under the conditions of this permit.
7. If for any reason, Permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, Permittee shall immediately provide the Department with the following information:
  - a. A description of and cause of noncompliance, and
  - b. The period of noncompliance, including exact dates and times; or if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance.
8. In accepting this permit, Permittee understands and agrees that all records, notes monitoring data and other information relating to the construction or operation of the permitted facility which are submitted to the department, may be used by the Department as evidence in any enforcement case involving the permitted facility arising under the Florida Statutes or County or Department rules.
9. Permittee agrees to comply with changes in Department rules after a reasonable time for compliance.
10. This permit is transferable only upon Department approval in accordance with applicable county rules. Permittee shall be liable for any noncompliance of the permitted activity until the Department approves the transfer of permit.

## **General Permit Conditions – All Facilities - Continued**

11. This permit is required to be kept at the facility, which is permitted during the entire period of construction or operation.
12. Permittee shall submit all comments or correspondence required by this permit to:

## **Specific Permit Conditions**

### **1. Compatibility**

Buffering shall be maintained as described and approved by the Development Order and Site Plan associated with this project.

The scale, intensity and operation shall not generate unreasonable noise, traffic, objectionable odors, dust, or other potential nuisances or hazards to contiguous residential properties.

### **2. Environmental Health**

The County and/or its designated agent(s) will conduct environmental testing to determine and monitor respirable dust emission levels at Permittee's property line. Respirable dust, which includes silica dust, emission levels shall not exceed the PM2.5 fine particle standard of 35 µg/m<sup>3</sup> (micrograms per cubic meter of air) consistent with the protective human health emission standards established by the U.S. Environmental Protection Agency, the Centers for Disease Control and Prevention, and the Florida Department of Health. If a qualified expert determines that respirable dust emission levels exceed the PM2.5 standard of 35 µg/m<sup>3</sup> on any single occasion, based upon an hourly average of sixty (60) samples taken at a rate of one sample per minute, such determination shall result in the immediate ceasing of crushing operations and this permit may be revoked by the County Administrator after notice of unsatisfactory performance

### Specific Permit Conditions –Continued

and failure to make the necessary corrections within a reasonable time as determined by the County Administrator or his designee. Permittee shall be allowed to crush for purposes of making the necessary corrections and demonstrating satisfactory performance to the County Administrator or his designee. Permittee may appeal the County Administrator's decision to revoke the permit to the Board of County Commissioners within ten (10) calendar days of the mailing of the notice of revocation to McDirt Industries, Inc., 5570 Bellview Ave, Pensacola, FL 32526 and a copy emailed to [phillip@mcdirt.net](mailto:phillip@mcdirt.net) (or such address as the Permittee may provide to the County Administrator in writing). Revocation shall not be final, and crushing operations shall not resume, until the appeal is heard.

In order to facilitate the environmental testing specified above, the Permittee shall provide written notice to the County's Natural Resources Management Department at least two (2) business days prior to beginning any crushing activities on site. Notice may be delivered via email to [escambiawqlm@co.escambia.fl.us](mailto:escambiawqlm@co.escambia.fl.us)

**3. Leachate Controls**

Recovered materials processing facilities, recycling facilities and operations, resource recovery facilities and operations, volume reduction plants shall conform to all performance standards governing the containment, collection and treatment of leachate pursuant to Chapter 403, Florida Statutes, and any other applicable regulations promulgated by the Florida Department of Environmental Protection.

**4. Operational Hours**

Operational hours shall be as established by the Approved Development Order for the project.

**5. Permit Renewals**

Permittee shall submit an application, on Department provided forms, no later than 60 days before the expiration of the current permit. Applications submitted in accordance with this section, even if incomplete, shall be deemed complete, and the current permit will be extended until corrections are submitted. Notwithstanding the above, in no instance will permits be extended more than 180 days past the expiration date of the permit.
